Adventure Calls Outfitters, Inc. provides the following on our raft trips: rafts, paddles, PFD's, guides, and transportation to or from the river, depending on the location. For all non-rafting activities, Adventure Calls Outfitters, Inc. provides all equipment necessary to perform the activity.

Please refer to the checklist below for all other items related to the activity you will be participating in.

Things to Bring Checklist

Cool Weather

- dry clothes
- dry shoes
- towel
- eye glass retainer
- bathing suit
- wool sweater or pile jacket
- wool or polypropylene socks
- wool hat
- wool gloves
- old sneakers or dive booties

Warm Weather

- dry clothes
- dry shoes
- towel
- eye glass retainer
- bathing suit
- nylon shorts
- T-shirt
- sunscreen
- nylon jacket
- old sneakers or secure sandals

When the weather dictates, wetsuits, wet tops, and wet socks are available to rent.

- . As of 01/01/04, wet tops are gradually being phased out in favor of waterproofed nylon splash tops. They are more comfortable and provide better range of motion for your upper body. However, they do not provide as much thermal value as the neoprene jackets. A polar fleece, wool sweater, or even a heavy cotton sweatshirt (last resort) would be recommended.

Group Leader Helpful Hints

- ◆ Plan your activity as far in advance as possible. Have a rough idea of how many will be in your group and have a first and second choice of dates you would like to go.
- ◆ Remember 1-888-270-2410. Our office staff will be happy to assist you in making your job as easy as possible. Please let us know of any special needs your group may have.
- ◆ Notify all group members of Adventure Calls payment and cancellation policies. Stress to your group the importance of notifying you of any changes as soon as they occur. To ensure all payments reach us on time, set your deadlines several days prior to sending your payment to us.
- ◆ We advise against covering payments for group members. Many times people will say they are definitely going but never have the money to pay. This has a tendency to leave you poor (we don't refund no-shows) and can strain friendships.
- ◆ **All payments toward your reservation and any changes to it must be done by you.** Please mail in a single payment or call in with one credit card number. All checks should be made payable to: "Adventure Calls Outfitters, Inc." Have all the members in your group deal with you directly and not call us with questions regarding the activity. It greatly eliminates confusion on everyone's part.
- ◆ Keep everyone informed as to the specifics of your activity. Be sure they know the following: the location of the activity, the date and time, the name the reservation is under, and directions to the site. Please copy and distribute any information we provide.
- ◆ All participants must read and sign the liability release forms. Anyone under the age of 18 must have the form read and signed by a guardian. We will provide you with as many copies of the release as needed. It saves time if they are completed prior to the day of the activity and brought with you.
- ◆ **The day of the activity your group should meet at our site office at least 30 minutes prior to the scheduled departure time. Groups head to the river at the designated time, water levels permitting. No-shows forfeit all monies paid. Late arrivals may go with another group only if we have equipment available.**
- ◆ Letchworth State Park charges a \$6.00 per car entrance fee. If coming by bus, the fee is \$75.00 (\$35.00 for non-profit organizations, when providing a tax-exempt certificate to the park upon admittance).

Reservation Policies & Payment Procedures

- Reservations are booked by telephone or via email on a space available basis. **No reservation is confirmed until a 50% deposit has been received.** Space on all activities is limited. The earlier you contact us, the greater the likelihood of ensuring the date you prefer.
- A 50% deposit is due within 10 days of making a reservation. If the deposit is not received, your reservation will be cancelled. Deposits are non-refundable, only transferable, with a minimum of 14 days prior notice.
- **All payments and changes of any sort must be made by the group leader.** Payments may be made by any of the following methods: cash, personal or business check, money order, voucher, American Express, Discover, Master Card, or VISA.
- Rescheduling of the activity will be made only with a minimum of 14 days notice prior to your original reservation date.
- **Adventure Calls Outfitters, Inc. reserves the right to cancel or reschedule any activity or move it to an alternative location, if conditions warrant.** No penalties or fees will be incurred.
- **Any persons under the influence of any mind-altering substances will not be allowed to participate in any Adventure Calls Outfitters, Inc. activity and will forfeit all monies paid.**

"I Have A Question"

- Q - How deep is the water? A - You can either touch the bottom or you can't. However, as a general rule wherever the river is the deepest it is also the calmest.
- Q - Will I get wet? A - Yes, that sort of is the point with this activity.
- Q - Can I bring my dog? A - No, and you can't bring your cat either.
- Q - Is the water cold? A - In the early spring and late fall, yes, thus the need for wetsuits. During the summer months it is quite refreshing and bathing suits / t-shirts will suffice.
- Q - Do I need to know how to swim? A - No, your pfd allows you to float whether you can swim or not.
- Q - Is it possible the raft could tip over? A - Yes, but only if everyone in it stands on one side and pulls the boat over on their heads. It is extremely unlikely that the raft will flip over as a result of the river conditions.
- Q - Should I bring along a towel? A - No, leave it in your car, along with your change of clothes.
- Q - What happens if I fall out of the raft? A - You'll get wet. Actually, part of the Safety Talk that precedes every trip is about what to do in the event you fall out of the raft.
- Q - Is this dangerous? A - You will partake in two very dangerous activities the day of your trip - riding in a car to and from our Site Office. People die in car accidents every day. On the other hand, we have not had one serious injury on a rafting trip, ever.
- Q - Are there fish in the river - or snakes - or alligators? A - Yes, there are various species of fish in each of the rivers we operate on. You also may see some harmless water snakes along the way. We're not sure about the gators but we do issue "Gator Wacker" paddles to small children just in case.
- Q - What should I do with my "stuff"? A - Lock anything you're afraid you might lose in your car. Leave your keys with the Site Manager and they will be secured until you've returned from the river trip.
- Q - Does the river end up where it started? A - Only on an amusement park ride. A river trip on a naturally flowing waterway always starts at a point "A" and ends downstream at a point "B".
- Q - Where do I sit in the boat? A - Along the edge of the outside tube because if you fall out of the raft into the water you want to be as close to it as possible. Where and how to sit in the raft is part of the Safety Talk as well.
- Q - Do I have to wear a life jacket? A - Only if you want to go on the trip.
- Q - Can I wear my own life jacket? A - Yes, as long as it is a USCG Approved Type III or V and you show it to one of the guides on the trip before getting to the river.
- Q - Can I go barefoot? No, footgear is required and you must bring your own. Old sneakers or water shoes or secure sandals are best.
- Q - Can I bring a camera? A - Yes, and there are numerous opportunities to take some incredible pictures but it is possible; you could drop it in the river, or on a rock, or something else bad could happen to it. It's your camera and your choice. As an alternative, we do offer waterproof disposable cameras for sale.
- Q - What if I have to go to the bathroom during the trip? A - I'd recommend the following advice; "leaves of three, leave them be", either that or buy some calamine lotion on the way home - you'll need it.
- Q - How fast are we going? A - That depends on the rate at which the river is flowing and how well you are maneuvering the raft. The trip is designed to be at a leisurely pace and we will only go as fast as the slowest raft.
- Q - What do we do if it rains? A - We get wet. All trips proceed rain or shine. We will not run the river in extremely inclement weather; like a combination of high winds, low temperatures, and snow or in dangerous weather such as severe thunderstorms or tornado warnings.
- Q - Do I have to paddle? A - You're kidding, right? Paddling is what propels the raft forward and moves it left or right around rocks and other obstacles in the river bed.
- Q - Can I bring a cooler? A - No, but you are welcome to bring bottled water or Gatorade, or a light snack if you wish.
- Q - Does this wetsuit make me look fat? A - Yes, but then again, they make everyone look fat.
- Q - Can I bring along some beer or other adult beverages? A - No, unless you want to sit in the parking lot waiting for your friends that actually went on the raft trip to get back from all the fun they had without you.
- Q - Is there a guide in every boat? No, but generally, people that really would like a guide in their raft will get one.
- Q - Can I request a specific guide? A - Yes, most certainly. Besides, they like to feel wanted.
